Definitions of Indicators

1. Air Passengers - Numbers are preliminary estimates of the number of air passengers enplaning and deplaning at the Edmonton International and Calgary International Airports.
Source: Edmonton International Airport and Calgary International Airport Websites

2. Highway Traffic: These data are monthly totals. The monthly average daily traffic (average number of vehicles per day) is calculated by dividing the monthly total by the number of days in the month passing the counter locations and in the dierction indicated for a particular month. Automatic Traffic Recorders counts all vehicles by direction. Year-to-date is a cumulative
Source: Alberta Transportation's Automatic Traffic Recorders (ATR).

3. National Park Attendance - Attendance is reported as the number of visits to National Parks in Alberta. Data are preliminary unless otherwise noted.
Beginning in 2004 the monthly figures for Banff National Park and Jasper National Park reflect independent travellers only, and do not include people travelling as part of a tour group. The tour group data, however, are included in the annual total.
Source: Parks Canada

4. Employment Food and Accommodation Sector - The employment figure represents all persons who worked for pay or profit or unpaid work in the food services and accommodation sector, including businesses or other ventures owned or operated by a related family member(s) during the reference period of the survey. The year-to-date total is an average for the year.
Source: Statistics Canada, Labour Force Survey

5. Accommodation Indices - Occupancy rates and average daily room rates are based on monthly averages of all reporting hotels, motels and motor hotels in each designated region. Alberta Resorts includes the resort communities of Banff, Lake Louise, Kananaskis, Canmore and Jasper.
Source: Trends in the Canadian Hotel Industry, produced by PKF Consulting Inc.

6. Food Services and Drinking Places - The monthly survey of Food Services and Drinking Places provides estimates of the value of sales and the number of locations of restaurants, caterers, and drinking places by province and by industry at the North American Industry Classification System (NAICS) four-digit level. Includes total receipts from restaurants, caterers and taverns for chain and independent establishments. The target population is the 3 digit NAICS level of 722, which includes: Full-service restaurants, limited service eating places, special food places and drinking places. The year-to-date total is an average for the year.
Source: Statistics Canada, Food Services and Drinking Places

7. Historic Sites and Museums - Visitor attendance figures are monthly totals based on fifteen historic sites, the Royal Alberta Museum, the Royal Tyrrell Museum of Palaeontology, and the Tyrrell Field Station.
